

WORLD LEADER IN CNC MACHINE MANUFACTURING

FICEP is **the largest producer in the world** today of automated systems for the fabrication of

STRUCTURAL STEEL

BEAM PROCESSING

EXCALIBUR

Single Spindle CNC Horizontal Drilling Lines

ORIENT

Single Spindle CNC Profile Processing Lines

VANGUARD

Three Spindle CNC Profile Processing Lines

VALIANT

Three Spindle CNC Profile Processing Lines

ENTERPRISE

CNC Gantry Drilling Lines

NOZOMI

CNC 9 Axes Coping Lines

FLEX

CNC Coping Lines

KATANA

Band Sawing Lines

PLATE PROCESSING

P RANGE

CNC Punching, Drilling and Marking Systems

TIPO D

CNC Drilling, Notching and Sawing Systems

KRONOS

CNC Drilling and Thermal Cutting Systems

GEMINI

CNC Drilling, Milling and Thermal Cutting Systems

TIPO G

CNC Drilling, Marking and Thermal Cutting Systems

TIPO B

CNC Punching, Marking and Thermal Cutting Systems

TIPO C

CNC Punching, Drilling and Thermal Cutting Systems

ENERGY

CNC Plate Edge Milling, Scribing and Marking Systems

ANGLE & FLAT PROCESSING

A range

CNC Punching, Drilling, Marking and Shearing Lines

SP range

CNC Punching and Shearing Lines

XP range

High Performance CNC Punching and Shearing Lines

RAPID

CNC Drilling, Marking and Cutting Lines

SURFACE TREATMENT

SHOTBLASTING

Surface Treatment Systems
